

# SOIL WATER MANAGEMENT

## Contains Aquimax™ Technology Soil Water Management System

### CONTAINS NON PLANT FOOD INGREDIENTS

#### Active Ingredients:

30% Ethylene oxide, propylene oxide block polymer  
30% Polyacrylamide  
40% Total Other Ingredients  
100% Total

Not recommended for use as a fertilizer substitute  
U.S. Patent No. 9,307,758 ; 9,309,378;  
9,357,769; 9,428,630

## KEEP OUT OF REACH OF CHILDREN WARNING

Causes skin irritation. Read label before use. Keep container tightly closed. Keep only in original container. Avoid breathing dust, fume, gas, mist, vapors or spray. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, protective clothing, eye protection and face protection.

### PRECAUTIONARY STATEMENTS

If medical advice is needed, have product container or label at hand.  
Keep out of reach of children.  
Read label before use.

### FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present, after the first 5 minutes, then continue cautiously rinsing eye.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing and wash it before reuse. Wash skin with plenty of soap and water for several minutes. If skin irritation occurs: Get medical advice or attention.

**IF SWALLOWED:** Call a POISON CENTER, doctor or physician if you feel unwell. Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person.

**IF INHALED:** If breathing is difficult, remove person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

### GENERAL INFORMATION

VODA™ MATRIX is a soil water management aid and polymer system that improves infiltration, and the lateral movement of water through the soil profile. VODA™ MATRIX facilitates wetting, quick penetration of irrigation/ precipitation into weather hardened, arid soils and nutrient availability in the root zone.

### DIRECTIONS FOR USE

Irrigation injection is the most desired application method.

VODA™ MATRIX may be delivered via pivot, linear, sprinkler or drip tape systems. Calibrate the flow rate prior to application according to the equipment manufacturer's directions or through visual flow volume reduction. Adjust variable speed pump to proper flow rate.

After application, flush the pump system with water. Viscosity of the pump flush water will increase significantly. The use of crop oil as a flush aid may be desirable as a quicker approach before flushing with final water rinse.

**Spray tank mix:** Add VODA™ MATRIX directly to the water with agitation as the last ingredient to the tank mix.

It is preferable to use a nozzle that produces ultra-coarse to flood droplet sizes and to remove the equipment filters, as viscosity of this product will rise with time and loss of overlap may occur. Mix and spray right away.

**NOTE:** VODA™ MATRIX is a soil water management system and is **NOT** effective on foliage. When using low volume spray equipment and an over-the-top application, treatment must be immediately followed with a ¼ inch of water to ensure soil contact.

Care should be taken by testing this product on sensitive plants before full application is performed.

### USE RATE

Read and follow all pump and equipment manufacturer instructions.

Irrigation and large volume sprays: Apply VODA™ MATRIX at a rate of 2.5 to 4 quarts per acre. Apply 2 to 3 times per season before crop stress periods: generally, early seedling development, before flowering or tasseling, and early post-reproductive cycle.

### STORAGE AND DISPOSAL

**Handling:** Spills will be slippery and adding water to spills will increase slipperiness. Treat spills with absorbent material. When absorbent material is disposed of, rinse area thoroughly until slipperiness disappears.

**Storage:** Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90 °F.

**Disposal:** Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrcycle.org](http://www.acrcycle.org)

Information regarding the contents and levels of metals in this product is available on the internet <http://www.aapfco.org/metals.html>

INNICTIS CROP CARE, LLC warrants only that this product conforms to the product description on the label and is reasonably fit for the purposes stated in the Directions For Use. The Directions for Use of this product are believed to be adequate and must be followed carefully. It is, however, impossible to eliminate all risks associated with this product. Crop injury, ineffectiveness, or other unintended consequences may result due to such factors as weather conditions, presence or absence of other materials, or the manner or use or application, all of which are beyond the control of INNICTIS CROP CARE, LLC. All such risks must be assumed by the buyer or user. Except as warranted on this label, INNICTIS CROP CARE, LLC makes no representation, warranty or guarantee, whether expressed or implied including, but not limited to, warranty of merchantability, fitness for a particular purpose, or otherwise. No agent or representative of INNICTIS CROP CARE, LLC or the seller of the product is authorized to amend the terms of this Warranty disclaimer or the product's label or to make a representation or recommendation different or inconsistent with the label of this product. To the extent consistent with applicable law, INNICTIS CROP CARE, LLC's maximum liability for breach of its warranty or for use of this product, regardless of the form of action, shall not exceed the purchase price of this product. To the extent permitted by applicable law, INNICTIS CROP CARE, LLC shall not be liable for consequential, special or indirect damages resulting from the use, handling, application, storage, or disposal of this product or for damages in the nature of penalties, and the buyer and the user waive any right that they may have to such damages. If the warranty and liability limitations or disclaimer are not acceptable, return the unopened container to the place of purchase for full refund. To the extent not inconsistent with applicable law or the label, the purchase, delivery, acceptance and use of this product by the buyer is subject to the terms and conditions of seller's sales invoice for this product.
