Eye contact with product may cause burns and irritation. Avoid eye contact with product at all times. Effects of skin contact may include burns and irritation. Avoid prolonged and unnecessary skin contact with product. May cause burning pain in mouth, throat and abdomen and coughing and constriction of the throat, followed by nausea, vomiting, and diarrhea. **DO NOT** taste or swallow product. Not expected to be an inhalation hazard, but may cause irritation to some individuals.

ADDITIONAL FIRST AID

Call a poison control center or doctor immediately for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF SWALLOWED: Have person sip a glass of water if able to swallow. **DO NOT** induce vomiting unless told to do so by a poison control center or doctor. **DO NOT** give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

GENERAL INFORMATION

INNICTIS PREMIUM TANK CLEANSER is a powerful superior grade spray tank cleaner. *INNICTIS PREMIUM TANK CLEANSER* will clean, rinse and emulsify pesticide and adjuvant residues and bond them to the rinse solution to allow for complete rinsing and system purging with ordinary water. *INNICTIS PREMIUM TANK CLEANSER* is tolerant to hard water that causes spray tanks to accumulate high levels of residue. *INNICTIS PREMIUM TANK CLEANSER* is soluble and compatible with most spray tank materials. *INNICTIS PREMIUM TANK CLEANSER* solubilizes acid residues of pesticides, preparing the spray tank for the use of other products. Solubilization of residue spray materials will prevent damage from occurring to non-target plants.

DIRECTIONS FOR USE

Large Volume Sprayers: *INNICTIS PREMIUM TANK CLEANSER* is effective at dilution rates up to 1:400. One quart of *INNICTIS PREMIUM TANK CLEANSER* will treat up to 100 gallons of water. Adjust the dilution rate as needed for individual conditions. Each cleaning situation will vary and adjustments will be necessary. Be certain to circulate *INNICTIS PREMIUM TANK CLEANSER* treated solution through the spray system for 5-10 minutes. Use a high pressure sprayer or hose to rinse all interior areas and spray tank walls. Purge hoses, spray lines and nozzles for approximately one minute. After cleaning, drain system and rinse all tank and spray areas.

Hand-Held and Back-Pack Sprayers: Use approximately one ounce of *INNICTIS PREMIUM TANK CLEANSER* per gallon of water, agitate thoroughly, drain and follow with a clean water rinse.

Special precaution and rinsate testing: The use of *INNICTIS PREMIUM TANK CLEANSER* or other Tank Cleaners does not guarantee removal and neutralization of all residues. Some pesticides, such as 2, 4-D and dicamba, may leave persistent or hard-to-remove residues. Many variables exist which make consistent tank cleaning difficult (i.e., water quality, use of cleaning equipment, quantity and type of residue, age and condition of spray tank, spray lines, nozzles etc.). In order to ensure that all residues have been removed, apply a sample of the rinse water to sensitive plants (tomato, cotton, ornamentals, etc.) and after sufficient time, observe for wilting or severe stress. If stress occurs, repeat cleaning process and retest as above.

*** INNICTIS PREMIUM TANK CLEANSER is DuPont® and Syngenta® tested and approved.**

STORAGE AND DISPOSAL

STORAGE: **DO NOT** contaminate water, food or feed by storage and disposal. Protect From Freezing. Store above 32 °F (0 °C). **DO NOT** store near strong oxidizing materials, acids, chlorine. **DO NOT** reuse empty container.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) adding rinsate to mix tank. Decontaminated containers may be disposed of in a sanitary landfill or by recycling. Recycling is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

WARRANTY

The directions for use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of INNICTIS CROP CARE LLC™ or the Seller. All such risks shall be assumed by the Buyer. INNICTIS CROP CARE LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. **INNICTIS CROP CARE LLC MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. IN NO CASE SHALL INNICTIS CROP CARE LLC OR THE SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.** INNICTIS CROP CARE LLC and the Seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of INNICTIS CROP CARE LLC.
