FIRST AID

Call a poison control center or doctor for treatment advice immediately

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Have the product container with you when calling a poison control center or doctor, or going for treatment.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IVC FOAM MARKER is specifically formulated to maximize marking foam performance and consistently out performs ordinary marking foams under a wide variety of conditions.

DIRECTIONS FOR USE

Mix **IVC FOAM MARKER** with water and place in foam marker tank. Use about 1 gallon of **IVC FOAM MARKER** for every 100 gallons of water. If foam is runny or watery, put in additional **IVC FOAM MARKER** until preferred texture and stability are attained. If foam is too thick, add water.

HANDLING AND STORAGE

Store in a cool dry place in original container. Store above 40°F and below 120°F. Keep liquid and vapors away from heat, sparks and flames. If freezing occurs, thaw at room temperature. Roll drum frequently to assure homogeneity.

CONTAINER DISPOSAL

Offer container for recycling or dispose of in a sanitary landfill or Triple rinse, or equivalent adding rinse water to application tank or by other procedures approved by local regulations. Do not contaminate water sources by runoff from cleaning of equipment, disposal of equipment, wash waters or spray waste.
