

ADJUVANT

PEEL BACK BOOK HERE

WATER CONDITIONING AGENT • NONIONIC SURFACTANT • DEPOSITION AID • DRIFT CONTROL AGENT

PRINCIPAL FUNCTIONING AGENTS:

Sodium Hydroxy-Tricarboxylate, C8-C10 D-Glucopyranose, Hydroxy Alcohols 33.55%

CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT 66.45%

TOTAL: **100.00%**

All ingredients are exempt from tolerance under 40 CFR 180.

May cause an allergic skin reaction.

Causes serious eye irritation

Prevention: Avoid breathing mist / vapors / spray. Wash thoroughly after handling. Contaminated work clothing should not be allowed out of the workplace. Wear protective gloves / eye protection / face protection.

Response: IF ON SKIN: Wash with plenty of soap and water. **IF IN EYES:** Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing. If skin irritation or a rash occurs: Get medical advice / attention. If eye irritation persists: Get medical advice / attention. Wash contaminated clothing before reuse

**KEEP OUT OF REACH OF CHILDREN
WARNING**

Approved for use with Engenia and Xtendimax Herbicides

NET CONTENTS: 2.5 Gal (9.46 L)

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

PRODUCT INFORMATION

TRAVERSE D has been developed for use in spray tanks with dicamba and in other weak acid herbicide tank mixes. Refer to product specific dicamba tank mix websites for approved products. *TRAVERSE D* is a premium blend of water conditioning, nonionic surfactant and deposition agents. The unique combination of components in *TRAVERSE D* will minimize antagonism from hard water ions in the tank mix, improve coverage, enhance deposition and reduce drift of the spray mixture.

DIRECTIONS FOR USE

Prior to mixing you should fill your spray tank with half of the carrier that you intend to use. Add tank mix components according to the method below.

Order of addition

In general, follow the W-A-L-E-S method when adding herbicides to a tank mix.

1. Wettable Powders (WP) then Flowables (F, DF)
2. Agitate then add anti-foaming compounds, buffers
3. Liquid and Soluble products
4. Emulsifiable concentrates (EC)
5. *TRAVERSE D* or other adjuvants

USE RATES: *TRAVERSE D* can be used following the rate ranges below or follow the rate listed on the pesticide label. Where a specific rate is listed it MUST be followed.

Water Conditioning: Use 0.25 to 1.0% v/v or 1 to 4 quarts per 100 gallons of *TRAVERSE D* in the total spray volume

Drift Reduction: For Herbicide Tank Mixes: Use 1 to 3 quarts per 100 gallons of *TRAVERSE D* in the total spray volume

Extendimax™ Tank Mix Rate: 5 pints per 100 gallons

STORAGE AND DISPOSAL: Storage: Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

Disposal: Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all local, regional, national and international regulations.

Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

WARRANTY

The directions for use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of INNICTIS CROP CARE, LLC or the Seller. All such risks shall be assumed by the Buyer. INNICTIS CROP CARE, LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. INNICTIS CROP CARE, LLC MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. IN NO CASE SHALL INNICTIS CROP CARE, LLC OR THE SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. INNICTIS CROP CARE, LLC and the Seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of INNICTIS CROP CARE, LLC.
