# VENTURI™

**PENETRANT • NONIONIC SURFACTANT • DRIFT CONTROL AGENT / DEPOSITION AGENT**

**PRINCIPAL FUNCTIONING AGENTS:**

Paraffinic oil, castor oil ethoxylate, fatty acids,  $\alpha$ ,  $\beta$  pinene copolymer ..... 98.64%

**CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT** ..... 1.36%

**TOTAL:** ..... **100.00%**

**All components exempt from the requirements of a tolerance 40 CFR 180.**

**HAZARD STATEMENTS**

Causes mild skin irritation.  
Causes eye irritation.

**PRECAUTION:** Wear protective gloves and clothing. Remove contaminated clothing and wash before reuse.

**PRECAUTIONARY STATEMENTS**

**General:**

If medical advice is needed, have product container or label at hand.  
Keep out of reach of children.  
Read label before use.

**Prevention:**

Wash hands, face and other affected areas thoroughly after handling.

**Response:**

**Call a POISON CENTER or doctor/physician if you feel unwell.**

**If skin irritation occurs:** Get medical advice/attention.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

**If eye irritation persists:** Get medical advice/attention.

**KEEP OUT OF REACH OF CHILDREN  
WARNING**

**NET CONTENTS: 2.5 Gal (9.46 L)**

Loveland, CO 80538

**BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES.**

**FIRST AID**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for further treatment advice.

**IF SWALLOWED: DO NOT** give any liquid to the person. Immediately call poison control center or doctor. **DO NOT** induce vomiting unless told to do so by a poison control center or doctor. **DO NOT** give anything by mouth to an unconscious person.

**PRODUCT INFORMATION**

*VENTURI* is a highly concentrated, multifunctional spray adjuvant intended for use with herbicides, insecticides, fungicides, plant growth regulators and fertilizers. *VENTURI* may also be used with soil applied herbicide to increase deposition. *VENTURI* is a non-ionic surfactant and highly refined paraffinic oil which also includes functioning agents to improve penetration, drift control and deposition. When used as directed, *VENTURI* maximizes the activity and effectiveness of pesticides. *VENTURI* can be used when the pesticide label requires a crop oil concentrate. Care must be taken in treating sensitive crops during periods when plants are subjected to drought stress, high temperatures, and high humidity. The addition of an adjuvant to some pesticides or pesticide tank mix combinations may cause phytotoxicity to the foliage and/or fruit of susceptible crops. Prior to the addition of *VENTURI* to spray tank mixes or prior to the use of *VENTURI* with a pesticide or fertilizer where an oil concentrate adjuvant is not specifically recommended but not prohibited by the manufacturer, the applicator or application advisor must have experience with the combination or must have conducted a phytotoxicity trial.

**DIRECTIONS FOR USE**

*VENTURI* may be applied by Ground, CDA, Aerial or Aquatic spray equipment. In most cases, use enough *VENTURI* to allow for uniform wetting and deposition of the spray onto leaf surfaces without runoff.

**GROUND, AERIAL, LOW VOLUME, CDA:** Use 4-8 pints per 100 gallons of spray solution or 0.50-1.00% v/v concentration.

The above use recommendations are considered to be adequate for most uses. Some pesticides, however, may require higher rates for optimum effect.

Prior to use, read and follow all directions on this label and on the label of the pesticide being used. The pesticide manufacturer's label for specific usages and restrictions have precedence over **DIRECTIONS FOR USE** referred to on this label.

**NOTE: DO NOT** mix with oxidizing agents unless oxidizing agents are in solution.

**MIXING**

Prior to any pesticide application all spray mixing and application equipment must be cleaned. Observe and follow all cleaning directions on the pesticide label.

Fill spray tank one-half full with water and begin agitation. Add pesticides and/or fertilizers as directed by labeling or in the following sequence:

1. Dry flowables or water dispersible granules
2. Wettable powders
3. Flowables
4. Solutions
5. Emulsifiable concentrates
6. Continue adding water
7. Add *VENTURI* last and continue agitation.

**STORAGE AND DISPOSAL**

**STORAGE:** Store product in original container only, away from other pesticides, fertilizers, food or feed. **DO NOT** use, spill, or store near heat or open flame. Keep this container closed when not in use and take care to prevent any water from being introduced to the contents of this container. Avoid storage below 32 °F. If *VENTURI* is stored below 32 °F, it may become cloudy and thicken. Above 32 °F, *VENTURI* returns to its normal clear fluid state.

**DISPOSAL: DO NOT** contaminate water, food or feed by storage or disposal. Triple rinse empty container and offer for recycling/reconditioning or dispose of in an approved sanitary landfill. **DO NOT REUSE EMPTY CONTAINER FOR ANY PURPOSE.**

**WARRANTY**

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
