F3013

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

PRECAUTIONARY STATEMENTS

If medical advice is needed, have product container or label on hand.
Keep out of reach of children.
Read label before use.

Prevention:

Wash hands, face and other affected areas thoroughly after handling.
Wear protective gloves, protective clothing, eye protection and face protection.
Take off contaminated clothing and wash before reuse.

Response:

Call a POISON CENTER or doctor/physician if you feel unwell.

IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

IF ON SKIN: Wash with plenty of water. If skin irritation occurs get medical advice/attention.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

In case of emergency call CHEMTREC 1-800-424-9300.

PRODUCT INFORMATION

AVOID FREEZING. WARM, SHAKE AND RESUSPEND BEFORE USING.

COMPATIBILITY: *KelpXpress* is compatible with many fertilizers that might be injected through fertigation equipment; however it is impossible to evaluate every potential combination. Always run a jar compatibility test before mixing with liquid fertilizers. This product is compatible with most pesticides commonly used on vegetable, fruit and agronomic crops. **CAUTION:** Do not use with Dormant Oil, Lime Sulfur, Spray Lime, or highly alkaline spray materials. Add product to the spray tank or pre-mix tank when it is about half full. Agitation in the tank is preferred to increase the speed of solubility. Where extremely cold water is used, allow a few extra minutes for the product to completely dissolve before spraying. Plant extract formulations may contain some natural sedimentation in containers. If this occurs triple rinse containers and pour rinsate directly into the spray tank.

APPLICATION RATE RECOMMENDATIONS

FERTIGATION: Can be used under normal practices of fertigation.

SOIL APPLICATIONS: Apply 2 to 4 pints per acre beginning at initial root flush periods. Subsequent applications should be made at monthly intervals with a maximum of 8 pints per season.

PERENNIAL CROPS: Apply 1.5 to 4 pints per acre beginning at initial root flush periods. Subsequent applications should be made at monthly intervals with a maximum of 8 pints per season.

ANNUAL CROPS: Apply at 1 to 3 pints per acre approximately 14 days after crop emergence and continue at 10 to 14 day intervals through flowering, fruit set and sizing periods. A maximum of 8 pints per season is recommended.

RATE OF APPLICATION (foliar applications): May be used at a rate of 1/2 pint to 2 pints per acre to supplement the fertigation program. Applications should be made prior to and during bloom periods.

TREE AND NUT CROPS (foliar applications): Apply up to 3 quarts per acre.

STORAGE & DISPOSAL

Store product in original container tightly closed, upright, in a dry place. DO NOT store in excessive cold or heat. DO NOT reuse container. DO NOT contaminate water, food or feed by storage or disposal. Triple rinse or equivalent and dispose of container in accordance with local, state and federal regulations.

WARRANTY, DISCLAIMER AND LIMITATION OF DAMAGES

INNICTIS BioScience Plant Health Technologies warrants only that this product conforms to the product description on the label and is reasonably fit for the purposes stated in the Directions For Use. The Directions for Use of this

product are believed to be adequate and must be followed carefully. It is, however, impossible to eliminate all risks associated with this product. Crop injury, ineffectiveness, or other unintended consequences may result due to such factors as weather conditions, presence or absence of other materials, or the manner or use or application, all of which are beyond the control of INNICTIS BioScience Plant Health Technologies. All such risks must be assumed by the buyer or user. Except as warranted on this label, INNICTIS BioScience Plant Health Technologies makes no representation, warranty or guarantee, whether expressed or implied including, but not limited to, warranty of merchantability, fitness for a particular purpose, or otherwise. No agent or representative of INNICTIS BioScience Plant Health Technologies or the seller of the product is authorized to amend the terms of this Warranty disclaimer or the product's label or to make a representation or recommendation different or inconsistent with the label of this product. To the extent consistent with applicable law, INNICTIS BioScience Plant Health Technologies' maximum liability for breach of its warranty or for use of this product, regardless of the form of action, shall not exceed the purchase price of this product. To the extent permitted by applicable law, INNICTIS BioScience Plant Health Technologies shall not be liable for consequential, special or indirect damages resulting from the use, handling, application, storage, or disposal of this product or for damages in the nature of penalties, and the buyer and the user waive any right that they may have to such damages. If the warranty and liability limitations or disclaimer are not acceptable, return the unopened container to the place of purchase for full refund. To the extent not inconsistent with applicable law or the label, the purchase, delivery, acceptance and use of this product by the buyer is subject to the terms and conditions of seller's sales invoice for this product.
