PRODUCT INFORMATION

LIQUID BORON 10% is recommended for use on crops where the application of a soluble source of boron is necessary or advantageous. Consult your State Agricultural Experiment Station or Extension Specialist for advice in selecting treatments to best fit your local conditions. A continuous supply of LIQUID BORON 10% is essential throughout the growing cycle since Boron is not mobile within the plant. Split or frequent applications in small amounts provide optimum results. Do not apply when plants are under moisture stress. Avoid making applications during high temperatures or low humidity.

COMPATIBILITY: This product is compatible with most fertilizers and pesticides. Use the standard jar test to determine compatibility.

DIRECTIONS FOR USE

DIRECTIONS FOR DILUTION: Add approximately half of the water to the spray tank before adding LIQUID BORON 10%. Agitate thoroughly while adding remaining water. Add pesticide last and continue agitation.

SOIL APPLICATION: Apply alone, or as a tank mix. Use sufficient agitation to insure proper mixing. Rates will vary from 2 - 8 quarts per acre, depending on local professional recommendation. Apply uniformly across field to prevent plant injury.

FOLIAR APPLICATION: LIQUID BORON 10% should be applied in multiple applications because of the nature of boron deficiencies. Apply 1 - 2 quarts per acre per application at 10 - 14 day intervals during the rapid growing and/or fruiting stage. Do not exceed 2 quarts of LIQUID BORON 10% in any one spray application.

CONVENTIONAL (DILUTE) APPLICATIONS: Apply the required amount of this product in sufficient water for thorough coverage.

GROUND (CONCENTRATE) APPLICATIONS: Use up to 2 quarts of this product in a minimum of 25 gallons of water per acre per application.

AIR APPLICATIONS: Normal aerial application should not exceed 1 quart in 5 gallons of water per acre per application.

DRIP IRRIGATION: The required amount of LIQUID BORON 10% should be applied over the growing season of the crop. Apply multiple applications at 1 - 2 week intervals.

STORAGE AND DISPOSAL

Store locked up. Store above 32°F. Dispose of contents / container in accordance with Federal, state, and local regulations.

WARNING: This product contains boron and should be used only as recommended. The use of this product on any crops other than those recommended may result in serious injury to the crop(s).

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>

WARRANTY, DISCLAIMER AND LIMITATION OF DAMAGES

INNICTIS BioScience Plant Health Technologies warrants only that this product conforms to the product description on the label and is reasonably fit for the purposes stated in the Directions For Use. The Directions for Use of this product are believed to be adequate and must be followed carefully. It is,

however, impossible to eliminate all risks associated with this product. Crop injury, ineffectiveness, or other unintended consequences may result due to such factors as weather conditions, presence or absence of other materials, or the manner or use or application, all of which are beyond the control of INNICTIS BioScience Plant Health Technologies. All such risks must be assumed by the buyer or user. Except as warranted on this label, INNICTIS BioScience Plant Health Technologies makes no representation, warranty or guarantee, whether expressed or implied including, but not limited to, warranty of merchantability, fitness for a particular purpose, or otherwise. No agent or representative of INNICTIS BioScience Plant Health Technologies or the seller of the product is authorized to amend the terms of this Warranty disclaimer or the product's label or to make a representation or recommendation different or inconsistent with the label of this product. To the extent consistent with applicable law, INNICTIS BioScience Plant Health Technologies' maximum liability for breach of its warranty or for use of this product, regardless of the form of action, shall not exceed the purchase price of this product. To the extent permitted by applicable law, INNICTIS BioScience Plant Health Technologies shall not be liable for consequential, special or indirect damages resulting from the use, handling, application, storage, or disposal of this product or for damages in the nature of penalties, and the buyer and the user waive any right that they may have to such damages. If the warranty and liability limitations or disclaimer are not acceptable, return the unopened container to the place of purchase for full refund. To the extent not inconsistent with applicable law or the label, the purchase, delivery, acceptance and use of this product by the buyer is subject to the terms and conditions of seller's sales invoice for this product.
