

RHYZOBURST RED™

8-26-3

STARTER FERTILIZER

GUARANTEED ANALYSIS	
TOTAL NITROGEN (N)	8.00%
8% Ammoniacal Nitrogen	
AVAILABLE PHOSPHATE (P ₂ O ₅)	26.00%
SOLUBLE POTASH (K ₂ O)	3.00%
Sulfur (S)	1.00%
1.0% Combined Sulfur(S)	
Iron (Fe)	0.40%
0.4% Chelated Iron (Fe)	
Zinc (Zn)	0.40%
0.4% Chelated Zinc (Zn)	
DERIVED FROM: Ammonium Polyphosphate, Potassium Hydroxide, Iron EDDHSA, Zinc EDTA	

F3013

KEEP OUT OF REACH OF CHILDREN WARNING

May be harmful if swallowed.
Causes skin irritation.
May be harmful if inhaled.
Causes eye irritation.

HAZARD STATEMENTS

May be harmful if swallowed.
Causes skin irritation.
May be harmful if inhaled.
Causes eye irritation.

PRECAUTIONARY STATEMENTS

If medical advice is needed, have product container or label on hand.
Keep out of reach of children.
Read label before use. Avoid breathing fumes/gas/mist/vapors/spray.
Use only outdoors or in a well-ventilated area.

Prevention: Wash hands, face and other affected areas thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. Take off contaminated clothing and wash before reuse.

Response: Call a POISON CENTER or doctor/physician if you feel unwell.
IF INHALED: Remove person to fresh air and keep comfortable for breathing.
IF ON SKIN: Wash with plenty of water. If skin irritation occurs get medical advice/attention.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

In case of emergency call CHEMTREC 1-800-424-9300

PRODUCT INFORMATION

Rhizoburst Red is a liquid plant food developed for use as a soil applied and/or starter fertilizer applied with the seed or in the transplant water. Nitrogen, Phosphate and Potash help stimulate early root development, plant growth and fruit set. Rhizoburst Red should be used in conjunction with a balanced nutritional program. Rhizoburst Red contains a specific chelated iron to ensure the availability of iron in fields with a history of iron chlorosis.

GENERAL USE GUIDE

Rhizoburst Red is designed to maximize nutrient availability in the soil rhizosphere and to prevent deficiencies in crops grown in soil that may contain low levels of available micronutrients. For best results utilize Rhizoburst Red as a starter fertilizer application, but it may be used in a pre-plant or side dress application. It can also be used during

the growing season through controlled irrigation systems that do not allow water source contamination from backflow. When applied through an irrigation system Rhizoburst Red must be injected after sand media filters.

Use Rhizoburst Red in soils with a history of iron chlorosis. Use on a sensitive crop, such as soybeans, can help to identify soils where other crops may be also affected by early season iron deficiencies. Iron deficiencies can be found in high calcareous soils, although cool, wet weather conditions early in the season can show iron deficiencies even with adequate levels of iron as shown in a soil test. Use caution when applying to drier, sandy soils.

DIRECTIONS FOR USE

Rhizoburst Red has been formulated to provide NPK and micronutrients to a wide range of crops. Growing conditions may vary rates, timing and application methods. Rate is dependent upon crop sensitivity and potential severity of iron chlorosis. Rates will vary from 1-5 gallons per acre as a starter fertilizer in conjunction with a balanced nutrition program. For specific rates follow the recommendation of a qualified individual or institution, such as, but not limited to a certified crop advisor, agronomist, university crop extension publication or apply according to the recommendations in your approved nutrient management plan.

STORAGE AND DISPOSAL

Store product in original container tightly closed, upright, in a dry place. Store in a well-ventilated place. Keep container tightly closed. Store locked up. **DO NOT** store in excessive cold or heat. **DO NOT** reuse container. **DO NOT** contaminate water, food or feed by storage or disposal. Triple rinse or equivalent and dispose of container in accordance with local, state and federal regulations.

WARRANTY, DISCLAIMER AND LIMITATION OF DAMAGES

INNICTIS BioScience Plant Health Technologies warrants only that this product conforms to the product description on the label and is reasonably fit for the purposes stated in the Directions for Use. The Directions for Use of this product are believed to be adequate and must be followed carefully. It is, however, impossible to eliminate all risks associated with this product. Crop injury, ineffectiveness, or other unintended consequences may result due to such factors as weather conditions, presence or absence of other materials, or the manner or use or application, all of which are beyond the control of INNICTIS BioScience Plant Health Technologies. All such risks must be assumed by the buyer or user. Except as warranted on this label, INNICTIS BioScience Plant Health Technologies makes no representation, warranty or guarantee, whether expressed or implied including, but not limited to, warranty of merchantability, fitness for a particular purpose, or otherwise. No agent or representative of INNICTIS BioScience Plant Health Technologies or the seller of the product is authorized to amend the terms of this Warranty disclaimer or the product's label or to make a representation or recommendation different or inconsistent with the label of this product. To the extent consistent with applicable law, INNICTIS BioScience Plant Health Technologies' maximum liability for breach of its warranty or for use of this product, regardless of the form of action, shall not exceed the purchase price of this product. To the extent permitted by applicable law, INNICTIS BioScience Plant Health Technologies shall not be liable for consequential, special or indirect damages resulting from the use, handling, application, storage, or disposal of this product or for damages in the nature of penalties, and the buyer and the user waive any right that they may have to such damages. If the warranty and liability limitations or disclaimer are not acceptable, return the unopened container to the place of purchase for full refund. To the extent not inconsistent with applicable law or the label, the purchase, delivery, acceptance and use of this product by the buyer is subject to the terms and conditions of seller's sales
