

VODA[®] EXTREME

Voda Extreme is a unique polyacrylamide moisture retention system. Voda Extreme contains the same surfactant formulation as Voda with the added feature of PAM. This combo improves the water holding capacity within the soil.

BENEFITS

- Initial testing resulted in up to 30% reduction in water requirements with same yield
- No special pumps required
- Easy cleanup with water
- Proven micro-emulsion formulation

NOTES

- **Voda Extreme must be injected into a flowing water source**
- **For use in California**

USE RATES

- **Irrigation systems:** Apply at a rate of 1 - 4 quarts per acre. Multiple applications may be required

Multiple crop use

Please refer to soil test

Always refer to the product label for Precautionary Language, Directions For Use and Specific Use Rates | Please reach out to your local Innvictis rep with additional product questions

FOR USE WITH

- Pesticides
- Liquid Fertilizer

VODA™ EXTREME
